Exam voucher offer announced for CREST USA and CREST Americas members

To mark this week's official launch of its USA Chapter and the opening of the test centre, CREST is offering a series of discounts on CPSA, CRT and CCT exams to organisations that become a CREST member in the USA or the Americas before the end of May 2017.

For details on this offer [click here](#).

CRESTCon 2017 – member discounts

Hopefully by now you are all aware that due to the recent announcement of the Government's CyberUK event in Liverpool on the same date, we have moved CRESTCon & IISP Congress to: **19 April 2017, Royal College of Surgeons, London, 08.30 - 21.00**

Registration is open at
<https://crestandiisp2017.eventbrite.co.uk>

CREST members are entitled to some free and discounted tickets. All main points of contact at CREST member companies have been sent discount codes to use. If you haven't received them yet or have any questions about these tickets, please email allie@crest-approved.org

More information on the event is available at:
www.crestcon.co.uk

CREST at the Business Show

CREST attended the Business Show at Olympia on 17th and 18th of November. It was interesting to exhibit at a show that was not primarily focused on cyber and there was significant interest in Cyber Essentials. Our thanks to Martin Walsham on the CREST Executive for helping out on the stand once again.

CRESTCon call for papers

The CRESTCon call for papers is now closed. However, in addition to presenting at CRESTCon we are considering having a day's filming of presentations next year. The filmed presentations will form part of the CRESTCon Virtual Stream on YouTube and will be promoted at the event and beyond. Anything submitted for CRESTCon will also be considered for this. CREST is also happy to link to your own filmed technical security content on our YouTube channel or host it there. CREST's YouTube channel has had over 38,000 views.

Please send your presentation proposals to allie@crest-approved.org. The deadline for these is the end of January 2017.

NCA - #cyberchoices campaign

Following on from the joint work on the 'Identify, Intervene, Inspire' report, CREST is delighted to be supporting the NCA's latest Cyber Choices campaign. Ian Glover has provided a quote for the NCA press release and we have been helping to promote the campaign via social media and on the Inspired Careers website. The CREST report and the CREST branded Digital Defenders brochure are also being extensively used by the NCA in the campaign.

Your help:

Industry film – marketing opportunities

CREST is currently producing a film that describes the cyber security industry - with a focus on penetration testing, cyber incident response and cyber threat intelligence. Its aim is to showcase how the UK is leading the way in these areas and demonstrate the capabilities of CREST member companies as well as promoting the industry as an exciting place to work.

There is an opportunity for CREST member companies to pay to have a version of the film produced which focuses on their company for their own marketing. If you are interested and would like to discuss further, please contact allie@crest-approved.org

Cyber Essentials training film for the police

CREST's training film on Cyber Essentials for the national network of Cyber Protect officers is getting underway. The idea of the film is to explain Cyber Essentials and how to achieve it, both to police officers and the companies they speak to about the scheme. CREST is still looking for members who would be interested in part-sponsoring the production of this film and in return being featured in it. All CREST member companies will be referenced in supporting material. For more information, contact allie@crest-approved.org

Runshaw College careers day

Runshaw College (<https://www.runshaw.ac.uk/>) is having a day focused on cybersecurity careers with guest speakers and demos. This is to coincide with the teaching of Network System Security. The date they are looking at is 24/01/2017 and they have asked for help finding demos and guest speakers. If you are interested in getting involved, please email allie@crest-approved.org

Industry Events:

CYBERUK 2017

*14 -16 March 2017,
Arena & Conference Centre
(ACC) Liverpool*

CYBERUK 2017 will be the National Cyber Security Centre's (NCSC) inaugural Flagship event, combining GCHQ's IA and Cyber Security Flagship and the relaunched CYBERUK In Practice event to create a single agenda-shaping conference.

To be held at the ACC in Liverpool, CYBERUK 2017 will play a vital role in the coming year's cyber security calendar, providing a forum for debate, discussion and sharing ideas and experience. Content will be responsive and influenced by participants' views and feedback, which will be given in a highly interactive environment.

Held six months following the launch of the NCSC, this will be the first major platform to demonstrate how the Government is transforming the UK's cyber defences.

All CREST members are offered 15% discount on Standard and Premium stands should they wish to have a presence at CYBERUK 2017.
